

Services we offer:

We offer a full hanging service in and around London, Taking on small and large projects alike, we are happy to install a single artwork or an entire collection at a location of your choosing.

Our team is comprised of two experienced gallery technicians and is experienced in working in both private and public environments. Additionally we are able to aid in the curatorial aspects of your hang (including location in relation to existing works, height, spacing etc.) if you require it.

When necessary we will arrange framing and transportation of work to and from the site where it is to be installed. (Please note this will be on a project-by-project basis)

For more information please contact Michael Henley:
